Hi Chip, Jim told me you were looking for a copy of the presentation. Here is the most recent version which I sent to Hillary yesterday. Please note that she asked today if it was okay for her to post the powerpoint on their website. I told her that it was fine with us for her to post the LWG presentation but that she should check with you on the EPA slides.

Thanks!

Bob

Hi Bob,

I am just checking in about Wed Superfund meeting. We have you, Jim and Chip Humphrey on the agenda for an overview presentation. Is there a powerpoint associated with that? If so, would you like to send it to us in advance and we'll load it to our machine? If not, we can load it that morning as well.

Also, our tech staff advises me we are running the 2007 version of powerpoint on our laptop just in case there are any compatibility issues. But I don't think we had any problems at the last meeting so hopefully there won't be any issues.

Please let me know if you have any questions! Thanks again and talk soon.  
Hillary
